DISCOVER THE OPPORTUNITY

Annually, about 200,000 service members transition from the military to civilian life, seeking new career paths. Your company holds a unique chance to partner with the Department of Defense (DoD) to support these individuals in finding fulfilling opportunities within your organization.

INTRODUCING SKILLBRIDGE

The SkillBridge Program, initiated by the DoD, provides transitioning service members with on-the-job training opportunities with civilian employers, including your company, before their discharge.

UNLOCK THE BENEFITS

Through the SkillBridge Program, your company can tap into skilled and disciplined service members for up to 180 days before their discharge, all at zero cost to your organization.

LEVERAGE NICHOLS & ASSOCIATES

With over four years of experience collaborating with the DoD and other firms, Nichols & Associates specialize in helping organizations like yours establish and stabilize SkillBridge Programs. We offer a turn-key solution to seamlessly integrate service members into your company's ecosystem, following DoD approval.

WHY CHOOSE US

Collaborate with Nichols & Associates to expedite the learning curve for launching a SkillBridge Program and accessing skilled service members through the DoD SkillBridge initiative. This partnership not only benefits your company but also supports service members, contributing to a program that enriches the experience for all participants.

TAKE THE NEXT STEP

Contact Nichols & Associates today to kickstart your path towards integrating skilled service members into your workforce through the DoD SkillBridge Program, while unlocking a world of potential for your company and those who serve.
